Use / Applications:

Product specially designed for removing carpet (not supported by rubber sheets) from floors or walls, for removing adhesives or cleaning equipment soiled with glues, adhesives or paints.

How to use:

Wet the carpet with the solvent, which will penetrate deeply and dissolve the glue in order to easily remove the carpet.

In the case of waterproof carpeting, raise a flap and brush the product on it to make it easier to detach the carpet.

To remove any glue residue, go over with a brush or rag that has been soaked in product.
