

Technical Data Sheet:
Red plasto

Code:
1181

Ref.: ST181
Rev.: 3
Date: 23/05/2011

Product Type:

Red oil for furniture and floors.

Formats:

Cans 25- 5 - 1 - 0,500 liters.

Product Characteristics:

It is a blend of denatured synthetic oils (alkyl benzoles) with an extremely faint odor and a burgundy red color.

Technical Specifications of the Product:

CHARACTERISTIC	METHOD	UM	VALUE
Physical state	Liquid, red		
Color	ASTM D 1500		1.5
Flash point	ASTM D 93	°C	160
Water content	ASTM D 1533	p.p.m.	100
Density at 20°C	ASTM D 4052	Kg/l	0893
Viscosity at 50°C	ASTM D 445	cSt	12.7
Index of refraction	ASTM D 1218		1494

Use / Applications:

It has the same uses as straw oil, but with a moderately coloring function, making it more suitable for certain types of furniture, floors, etc.

It brightens and nourishes furniture varnish, protects virgin wood, and is used as an impregnating agent for porous floors and concrete artifacts.

It can also be used in interiors, because it is a synthetic oil and even in the presence of mold and bacteria there is no risk of bad odors caused by the rancidity of fatty acids in vegetable products.
