

Technical sheet:
Degreaser 1065

Code:
1367

Sigla: ST367
Rev.: 8
Date: 19/03/18

Type of product:

Solvent for dissolving oils and grease.

Packaging:

Tank: 1000 lt
Drums: 160 lt,
Cans: 20 - 10 - 5 - 1 lt

Product features:

Pure, **non-flammable** solvent.

Technical specifications of the product:

CHARACTERISTICS	UM	VALUE	METHOD	TOLERANCE
Physical State		Liquid	Visual	//
Colour		Colourless Limpid	Visual	//
Flash Point	°C	Non-flammable	Met. Int. ISTR. 53	Typical
Water content	%	0.05	Met. Int. ISTR. 48	Max
Density at 20°C	Kg/dm ³	1,620	Met. Int. ISTR. 44	± 0,005
Refractive index at 20°C	IR	1,504	Met. Int. ISTR. 46	± 0,005

Use / Application:

Product for degreasing ferrous surfaces, to remove old and very thick grease or dirt.

Given its non-flammability it is suitable for cleaning electrical outlets, presses and non-explosive equipment.

Furthermore:

it is also suitable for degreasing fabrics.

For degreasing, washing and cleaning in the bodywork sector, refer to products compliant with Legislative Decree no. 161 of 27 March 2006.

Usage Instructions:

It can be used with a brush, cloth or spray, and thanks to its slow evaporation is particularly suitable for the application in the tank and in the vapor phase.

Other information:

It is an excellent substitute for Trichlorethylene (classified as a second category carcinogen), as it has the same technical and functional characteristics and a more tenuous odor.

The information indicated above are all part of our knowledge and applications. Fidea SpA is not responsible for the final usage of the product as it is not under our control.
