Use / Applications:

It is a product suitable for degreasing all metals, but especially light alloys, engines or parts of them, because it does not damage seals and rubber parts.

How to use:

It can be applied by using a brush, a rag or spray, while being careful, before painting, to wipe with a dry cloth.

It can be used on all surfaces, including painted surfaces, taking care to operate away from flames and sparks.

Additional Information:

It is not recommended for use in tanks because it is too volatile.

The product complies with Italian Legislative Decree No. 161 of March 27, 2006 for the limitation of emissions of VOCs (volatile organic compounds) resulting from the use of bodywork products.
